ENGINEERS' DAY CELEBRATION – 2026

POSTER PRESENTATION COMPETITION

GUIDELINES FOR PARTICIPANTS

1. Team Size

Each group/team may consist of a maximum of **4 students**.

2. Team Name & Team Number

- The **Team Name must be decided in advance** and participants must come prepared with it.
- The **Team Number will be assigned/decided on the spot** by the organizers.

3. Competition Theme

"Engineering a Better Future: Innovation for a Sustainable World"

4. Topic Selection

Participants may prepare their poster on relevant topics such as:

- Green Technology
- Smart Cities
- Renewable Energy
- AI & Automation
- Sustainable Development
- Technology for Society

5. Originality of Content

The poster must reflect the **team's own ideas, creativity, understanding, and preparation**. Content should not be entirely AI-generated. Participants must be able to explain every element included in the poster.

6. Poster Design & Presentation

The poster should be:

- Creative and innovative
- Neat and professionally designed
- Easy to read and understand
- Visually appealing
- Properly organized with clear headings and relevant visuals

7. Explanation to Judges

Participants must explain their poster **clearly, confidently, and logically**, highlighting the problem, innovation, practical implementation, and real-world impact.

8. Judges' Questioning / Q&A

Participants should be prepared to answer questions related to their topic, concept, technology, feasibility, and applications.

9. Team Participation

All team members must be familiar with the poster and their respective contributions.

10. Dress Code

All participants must appear in the **proper prescribed college uniform**, as instructed by the organizers.

11. General Conduct

Participants are expected to maintain proper discipline, professional conduct, and decorum throughout the competition.

Note: The decision of the judges shall be **final and binding**.
